- **Hamster**
- **Mouse**
- **Rat**

Via intravenosa:

- **Pigeon**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- Egg. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Cattle**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- Milk. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Chicken**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- Egg. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Ornamental bird**

- **Dog**

- **Horse (pony)**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- Milk. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Cat**

- **Hare**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Rabbit**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Mink**

- **Polecat**

- **Guinea pig**

- **Hamster**

- **Mouse**

- **Rat**

- **Pig**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

Via intracardiaca:

- **Cattle**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- Milk. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Dog**

- **Horse (pony)**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- Milk. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Cat**

- **Hare**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Rabbit**

- Meat and offal. no withdrawal period

Adequate measures should be taken to ensure that carcasses of animals treated with this product and the by-products of these animals do not enter the food chain and are not used for human consumption.

- **Mink**
- **Polecat**
- **Guinea pig**
